

Zebra Workcloud Task Management™

Comm

Simplify your real-time communication strategy

Keep all workplace communication on one centralized system. It's fast, easy and secure, ensuring that everyone receives critical information when it matters most, improving accountability and streamlining compliance.

A Single, Shared Communication System

Give corporate staff, field managers and teams a single real-time communication platform, accessible from a mobile device. The full suite of communication tools for both instant messaging and corporate communications makes it easy to connect with individuals or groups via distribution lists.

Message Creation and Distribution Made Easy

Workcloud Comm makes it simple to communicate from anywhere and collaborate with front-line teams

Save Time

Create message templates for recurring communications, save portions of messages that will be sent on a regular basis and create distribution groups.

Reach the Right Person

Cut down on inbox clutter with individual-, role-, and location-based distribution options.

Unified Suite

Link to tasks or attach files directly on other solutions in the Workcloud Workforce Optimization Suite.

Easy Follow-up

Managers can quickly follow-up regarding critical tasks or notify an associate to prioritize a specific project.

Collaborative, Convenient—and More

Use your existing organizational hierarchies to create precise access controls, permissions and targeting, ensuring all communications are:

Create a group chat with top performing sales staff to get feedback on a new corporate initiative

Collaborative

Clear-cut

Build a distribution list to send new product updates to on-site managers at the specific locations offering that product

Apply geo-fencing restrictions to ensure hourly staff aren't replying to work communications off the clock

Compliant

Convenient

Get all the information you need right at your fingertips on the mobile-first UI built for the next-gen workforce

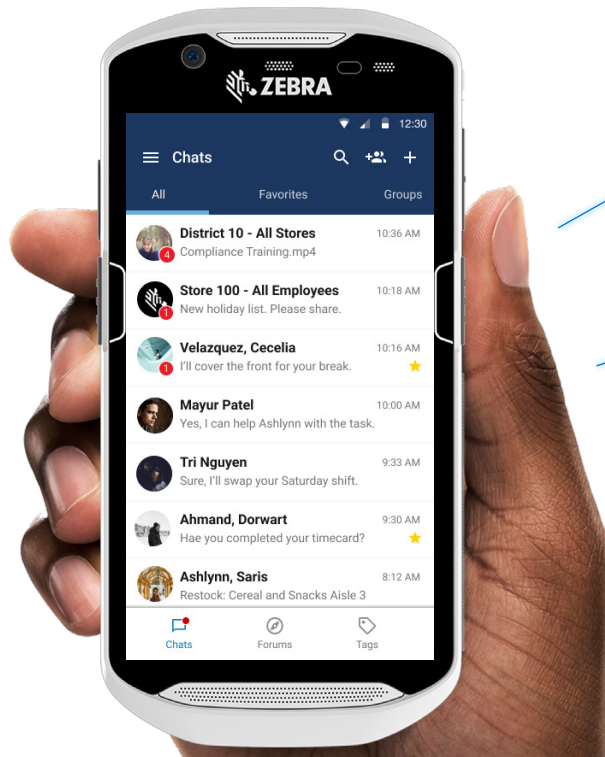

Drive Improvements with Seamless Communication

Features that keep your communication strategy strong

Analyze how effectively your organization is communicating with a variety of reporting capabilities

Uncover communication trends, like how many associates have viewed or responded to messages

Manage by exception and discover new ways to improve operations

Organize your inbox and keep it up to date

Tag or pin messages and threads for easy access to regularly referenced information

Assign automatic expiration dates to communications to ensure that out-of-date communications aren't cluttering associates' inboxes
